Feedback Analysis & Action Taken Report on Curriculum AY 2018-2019

The feedback on curriculum is collected from the teachers, students and parents every academic year as the stakeholders' feedback is very important in maintaining and improving the quality in implementing the curriculum in the Institution.

For the academic year 2018-2019, feedback from the students was collected in the form of a questionnaire and the responses were analyzed and most of the students expressed high level of satisfaction on the curriculum structure and its implementation in our institution. Similarly, feedback collected from both parents and teachers on the curriculum was also on the same lines.

Some of the stakeholders requested for additional skill enhancement training programs, project works / internships for the benefit of the students.

Feedback Analysis & Action Taken Report on Curriculum AY 2019-2020

The feedback on curriculum from the teachers, students and parents are collected every academic year since the stakeholder's feedback is most important for improvement in the execution and maintaining the quality of the curriculum.

Student feedback is collected in the form of a questionnaire (Table 1.1) and analyzed the responses. Most of the students were strongly agreed on the syllabus completion and curriculum structure & implementation.

Questionnaire was given to the teachers and their responses were collected on the curriculum. Analysis of total 20 responses was shown in the tabular form (Table 1.2). A good percentage of faculty were strongly agreed on the areas of course content, objectives, Value education imparted and great scope for higher education.

The parent feedback questionnaire is structured with 10 questions related to curricular aspects, on a five-point scale as shown in the table (Table 1.3). Major percentage of parents were expressed satisfaction with the course structure and implementation of the curriculum and mentorship that the institution providing.

The major suggestions made by the stakeholders include to offer skill enhancement training programs, Certificate courses, project works to be included in the course structure and also to make the MoUs with different organizations/industries. Accordingly, various departments have introduced certificate courses which develop employability skills. During covid encouraged them to make videos on different topics and uploaded them in college YouTube channel.

Stakeholders also suggested to conduct field visits & internships suggested to enhance the library facilities and provide sports/gym facilities for physical development & mental well-being of the students.

Feedback Analysis & Action Taken Report on Curriculum AY 2020-2021

The feedback on curriculum from the teachers, students and parents are collected every academic year since the stakeholder's feedback is most important for improvement in the execution and maintaining the quality of the curriculum.

Student feedback is collected in the form of a questionnaire (Table 1.1) and analyzed the responses. Most students were strongly agreed on the syllabus completion and curriculum structure & implementation.

Alumni feedback is collected in the form of questionnaire (Table 1.2) and analyzed the responses. Most of the students strongly agreed about the content and delivery of the curriculum and value education and scope for higher education.

Various questions in the form of Questionnaire given to teachers and their responses were collected on the curriculum. Analysis of the responses obtained as shown in the tabular form (Table 1.3). The feedback obtained indicates a good percentage of faculty were strongly agreed and agreed on the areas of course content and objectives, Value education imparted and great scope for higher education.

The parent feedback questionnaire is structured with 10 questions related to curricular aspects, on a five-point scale as shown in the table (Table 1.4). Major percentage of parents were expressed satisfaction with the course structure and curriculum design and faculty/mentors that the institution has.

The major suggestions made by the stakeholders include to offer skill enhancement training programs, Certificate courses, project works to be included in the course structure and also to make MoUs with different organizations/industries. Accordingly, certificate courses have been proposed by various departments and MoUs also made with different reputed organizations through our Head office.

Suggested to conduct field visits & internships and to enhance the library facilities, provide sports/gym facilities for physical development & mental well-being of the students. As per the request of stakeholders encouraged faculty to conduct seminars/webinars by various departments, further all the departments have gathered best e-contents on the syllabus of their respective course and shared all the links with the students during the pandemic.

Students were also encouraged to make YouTube videos on different topics and insisted them to perform projects during covid pandemic and the same were uploaded in the college YouTube channel.

Feedback Analysis & Action Taken Report on Curriculum AY 2021-2022

The feedback on curriculum from the teachers, students, alumni and parents are collected every academic year since the stakeholder's feedback is most important for improvement in the execution and maintaining the quality of the curriculum.

Student feedback is collected in the form of a questionnaire (Table 1.1) and analyzed the responses. Most students were strongly agreed on the syllabus completion and curriculum structure & implementation.

Alumni feedback is collected in the form of questionnaire (Table 1.2) and analyzed the responses. Most of the students strongly agreed about the content, delivery of the curriculum, value education and scope for higher education.

Feedback Questionnaire on curriculum given to teachers and their responses were collected. Analysis of the responses obtained as shown in the tabular form (Table 1.3). The feedback obtained indicates a good percentage of faculty were strongly agreed and agreed on the areas of course content, objectives, Value education imparted and great scope for higher education.

The parent feedback questionnaire is structured with 10 questions related to curricular aspects, on a five-point scale as shown in the table (Table 1.4). Parents expressed satisfaction with the course structure and curriculum design and faculty/mentors that the institution has.

The major suggestions made by the stakeholders include to offer skill enhancement training programs, Certificate courses, project works to be included in the course structure and also to make the MoUs with different organizations/industries. Suggested to conduct more field visits & provide internships to maximum students. Accordingly designed several certificate courses by different departments. Biotechnology department has made MoUs with different organizations for providing internships and projects to the UG & PG students.

As per the request of stakeholders, our head office has initiated sports academies for athletics & handball gym facilities were also provided. As per the suggestions from stakeholders, It was decided to keep library open all the time for the benefit of the students.

Further all the stake holders suggested to provide courses with high employability and develop entrepreneurship skills among the students. Financial literacy training given to the teachers and the trained teachers have trained the students and financial literacy club was also initiated.

Feedback Analysis & Action Taken Report on Curriculum AY 2022-2023

The feedback on curriculum from the teachers, students, alumni and parents are collected every academic year since the stakeholder's feedback is most important for improvement in the execution and maintaining the quality of the curriculum.

Student feedback is collected in the form of a questionnaire (Table 1.1) and analyzed the responses. Most students were strongly agreed on the syllabus completion and curriculum structure & implementation.

Alumni feedback is collected in the form of questionnaire (Table 1.2) and analyzed the responses. Most of the students strongly agreed about the content, delivery of the curriculum, value education and scope for higher education.

Feedback Questionnaire on curriculum given to teachers and their responses were collected. Analysis of the responses obtained as shown in the tabular form (Table 1.3). The feedback obtained indicates a good percentage of faculty were strongly agreed and agreed on the areas of course content, objectives, Value education imparted and great scope for higher education.

The parent feedback questionnaire is structured with 10 questions related to curricular aspects, on a five-point scale as shown in the table (Table 1.4). Parents expressed satisfaction with the course structure and curriculum design and faculty/mentors that the institution has.

The major suggestions made by the stakeholders is to offer skill enhancement training programs, Certificate courses which enhances their employability. project works to be included in the course structure and also to make the MoUs with different organizations/industries to make the students to be aware of latest technological and scientific advancements.

Accordingly, certificate courses have been proposed by various departments and apart from MoUs made by Head Office at the institution level we have made MoU with Centre for Materials for Electronics Technology (C-MET), Hyderabad. As a part of which the organization has offered Skill development training program to all the final year students on e-waste management with stipend.

Planned to Conduct field visits to Zoo park, Botanical garden and visit to CSIR research organizations like ICT, CCMB & C-MET. Collaborated with BYCUS therapeutics PVT. LTD., ASPIRE- BioNEST, School of life sciences, University of Hyderabad, Department of Genetics & Biotechnology, Osmania University, Hyderabad, Cytomol Labs, Gandhi Nagar, Hyderabad for providing internships to maximum students.

Further all the stake holders suggested to provide courses which develop entrepreneurship skills among the students. To fulfill this Sabala hub and Savithri bai Phule stores have been initiated and are maintained by the students under the supervision of faculty coordinator.
