Sub: TSWREIS- Higher Education Wing – iThink Biology Workshop by Azim Premji University - One-day workshop on undergraduate biology teaching for the selected life science lecturers (#50) of TSWRDCs on 20.04.2022 at TSWRLC, Chaitanyapuri– Reg.

Ref: iThink Biology Workshop by Azim Premji University, Bangalore.

@@@

The Higher Education Wing, TSWREIS with the approval of the Secretary, TSWREIS is conducting a one-day workshop to the life science lecturers of TSWRDCs on "CAPACITY- BASED APPROACH TO TEACHING UNDERGRADUATE BIOLOGY". Dr.Jayanti Ray Mukherjee and Dr.Sravanthi Uppaluri from the Department of Biology, APU will be the resource persons and the proposed structure of the workshop is as follows:

The workshop will be hands-on and discussion-based. Instructors will interact with peers from different colleges to learn from each other, and share their experiences and ideas on the differences between a content-based vs capacity-building approach to teaching in higher education. Using examples from iThink Biology, participants will have the opportunity to explore specific examples of such approaches. The resource persons shall use examples and explain how these can be used to build valuable skills in undergraduate students.

The workshop will be held in two sessions on the same day.

Session 1

- Introduction to the capacities-based approach to teaching biology
- Discussion on the differences between capacities-building and content-based approaches
- Introduction to iThink Biology book

Session 2:

- In smaller groups, the participants will explore how to bring forth key capacities and skills in students using examples from book iThink Biology.
- Introduction to instructor manuals for the book.

The selected list of participants for the workshop is attached as an annexure to this circular.

In this regard,

- a) All the Principals of TSWRDCs are hereby instructed to inform the selected faculty members from their institution about the workshop and relieve them on 19th April, 2022 and treat their absence as ON-DUTY.
- b) The Principal, TSWRLC, Chaitanyapuri is instructed to provide necessary arrangements to conduct the workshop and also provide hospitality (breakfast, lunch and snacks) to the participants and the resource persons.
- c) Participation is mandatory for all the selected lecturers and all are instructed to report at TSWRLC, LB Nagar by 8.45 AM sharp on 20th April, 2022.

For any queries and further details, please contact OSD (Acad-I), RDCs.

Confederation of Indian Industry

A Visit to Atal Incubation Centre- CCMB
07 September 2022: Hyderabad

- Atal Incubation Centre – Centre for Cellular and Molecular Biology (AIC-CCMB) is a premier incubator focused on promoting entrepreneurship in life sciences, supporting startups in Health, Pharmaceuticals and Biotechnology.
- CSIR — CCMB is one of the first 10 institutes to establish the Atal Incubation Centre under the Atal Innovation Mission (AIM) of National Institution for Transforming India (NITI Aayog) in the year 2017.
- Spread over 20,000 sq. ft. AIC-CCMB is one of the largest facilities for shared wet research, industry standard equipment and operating facilities.
- It hosts distinguished experts who mentor startups, provide business planning support, access to seed capital, industry partners, and trainings to nurture innovative startups in their pursuit to become scalable and sustainable.
- At present about 30 start-ups are functioning at the AIC Centre

1. Incubation Support:

The incubation program at AIC-CCMB provides an ecosystem for life science research and innovation in India. The center fosters industry-academia interaction and addresses the problems faced in translational research by startups.

- Plug & Play facility
- Mentorship support
- Investment support

2. Social Innovation Immersion Program

The Social Innovation Immersion Program (SIIP), a component of SPARSH scheme, is a fellowship program by Biotechnology Industry Research Assistance Council (BIRAC). The program aims to create a cohort of healthcare “Social Innovators” who can identify the needs within communities, and bridge the gaps through innovative products or services.

The program provides opportunity for clinical and rural immersion with a fellowship from BIRAC. The current batch's theme is Maternal & Child Health

3. About Centre for Predictive Human Model Systems (CPHMS)

The Centre for Predictive Human Model Systems (CPHMS) is India's first think tank dedicated to enable a shift from observational science to a paradigm where we can begin to predict the biological consequences based on accumulated information in human-relevant contexts.

The Centre aims to prioritise investment and research in human-based, non-animal methodologies in life sciences research. CPHMS is a joint initiative by AIC – CCMB and Humane Society International India (HSI/India).

4. Sparking interest in school students:

AIC-CCMB engages constantly with the next generation entrepreneurs through various channels. The Student Innovators Program(SIP) is one such avenue. Every year, Atal Innovation Mission holds an Innovation Marathon. This competition is a one of a kind of innovation challenge where students from various schools across the country participate, and present their ideas to overcome challenges that they have identified in their vicinity.

5. NIDHI-SEED SUPPORT SYSTEM:

AIC-CCMB provides financial support for startups under the scheme "National Initiative for Developing and Harnessing Innovations – Seed Support System (NIDHI-SSS)" by National Science & Technology Entrepreneurship Development Board, Department of Science and Technology NIDHI-SSS aims to nurture ideas, technologies and innovations by providing financial assistance to promising startups. This support will enable startups to graduate to a level where they will be able to raise investments or seek loans from financial institutions. At AIC-CCMB, aims to infuse much-needed funds to bridge the gap between development and commercialization.

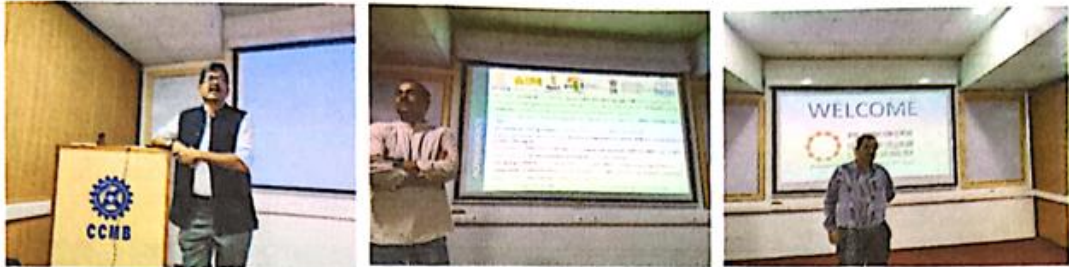

Financial assistance of Rs 25 lakhs upto Rs. 100.00 lakhs from DST as grants-in-aid for the seed support released in about 2-5 rounds with a max of Rs. 500.00 lakhs/round based on the assessment.

Opportunities for the Academic Institutions / Industry:

1. Research collaborations in life sciences sector
2. Mentorship support for the start-ups
3. Internship opportunities for the students at the start-ups
