The aim of the Career Counselling and Guidance Cell is to offer vital career growth facilities and resources to enhance the educational learning procedure resulting in career mapping and target setting for all students. We enable the pupils to explore and follow a route to a gratifying profession and provide them with details on different professions in a specific field.

Objectives

- a) To promote holistic growth of the pupil
- b) To assist students in selecting appropriate courses
- c) To guide students in selecting a suitable career path
- d) To aid students in their professional development
- e) To cultivate adaptability for decision-making and adapting to new challenges
- f) To reduce the mismatch between education and employment and optimize workforce efficiency
- g) To support students during times of uncertainty and perplexity
- h) To prevent wastage and identify strengths
- i) To ensure the effective utilization of non-classroom time
- j) To recognize and address their shortcomings.
